Subject:	Re: reduction of space reduce footprint
Date:	Tuesday, August 16, 2016 7:35:15 AM

Phil please see included links of Presidential directives and information from GSA portal:

https://www.whitehouse.gov/sites/default/files/omb/financial/memos/implementation-reduce-the-footprint.pdf

https://www.whitehouse.gov/sites/default/files/omb/financial/national-strategy-efficient-use-real-property.pdf

http://www.gsa.gov/portal/content/104177 (Look in this link under Allocation Benchmarks for some SF numbers)

If you require project (FERC) specific footprint GSA reduction requirements, it is best to start with the CO (Mark). Mark can could best be explain or direct your questions to people that can (I copied Mark with this response).

I hope that this helps.
